UMPIRING

CRB Checks

We are still awaiting information from England Netball re: umpires being CRB checked. It was questioned who would be responsible for paying this, but at as of yet we have no further details.

Courses

The league are looking to run a C Award course in Aylesbury in April/May. The course will be fully funded by North Buck. An email will be sent around shortly to see who is interested. The course will also be open to Milton Keynes applicants.

Database

Claire is in the process of setting up an umpiring database which will hold all up to date information on our umpires – what levels people are at and who wants to progress etc.

All clubs will be invited to provide up to date information for the database.

Mentor

Lisa Murfet is now a fully accredited umpiring mentor. The league are also looking at using mentors from outside the league to assist and provide a good support network. Experienced/qualified umpires in the Aylesbury league could help mentor the brand new umpires coming through.

Pregnancy

The committee will be looking at the rule relating to this and will be circulating the directive from England Netball so that everybody is aware of the insurance implication.
