Play downs are only permitted to enable the team to take the court with 7 players, i.e. teams are not allowed to play or have listed on their score sheet more than 7 players.

A maximum of 2 players from other teams in the club may be used. (For example only 2 players playing up or 1 playing up and 1 playing down).

There must be at least 5 players registered to that team in the starting line-up.

The On-court Captain is responsible for ensuring that players who are playing up/down sign the score sheet and venue record sheet BEFORE the match starts. This cannot be completed afterwards.

If a player is playing down they may only play down by one division i.e. From Prem to Div One, from Div One to Div Two. A player may not play down for example from Prem to Div Two. They may only play down one team, i.e. Prem team one can play down to Prem team two but not to Division one team three. Teams are responsible for maintaining records of players playing up or down.

- 3 points for a draw
- 2 points for the losing team (if scored up to 5 goals less of the winners score)
- 1 point for 50% or more of the winners score

All teams must provide a suitable match ball and a set of patches or overhead bibs that are a different colour to the regular playing set.

6.2. Delayed matches

6.2. Delayed matches (continued)

Teams must be on court and ready to play their matches at the appropriate times. If both teams do not have enough players ready to start the match, the infringement penalty will apply from when one of the teams has the minimum of 5 players waiting on court. As long as it is before the end of the first quarter.

Teams awaiting the arrival of a late team must wait on court for the duration of the 1st quarter of the scheduled match.

If there are not sufficient players (minimum of 5) from the late team to start the match by the end of the first quarter, the match will be rearranged by the committee and the late team will be responsible for all costs related to the rearranged fixture. If both teams do not have a minimum of 5 players to start the match by the end of the first quarter they will both have to concede and the match will be abandoned.

It is not permitted for cancelled matches to be rescheduled by teams who are unable to fulfil the fixture.

The League Committee reserves the right to cancel / postpone any fixture, for example the need to cancel fixtures due to bad weather.

6.4. Injuries

Each stoppage for either team in each quarter for injured or ill player is 30 seconds.

The injured/ill player has 30 secs to leave the court, they can be replaced by a substitute which must take place within the 30 secs.

The umpire will restart the game after 30 secs regardless of whether the substitution has been made. If the substitution does not take place within the 30 secs, the player or substitute can only return to the court following a goal scored or further break.

Where a substitute is not available the injured player's team should continue with a player short. Total injury time allowed per match is 5 minutes, once this time has expired there is no further injury time allowed for either team.

If an injured player cannot be removed from the court and by the time she is moved there is not enough time to continue with the original format of the game and within the allotted time slot, the game will be abandoned to be re-scheduled by the fixtures secretary.

NB The ultimate decision about whether an injured player should be moved rests with the player themselves.

The cost of the re-arranged fixture will fall to the team of the injured player. Costs for the original fixture will be shared by both teams. If the abandonment occurs within the last quarter, the score stands. All injuries (no matter how minor) should be recorded on the Record Sheet and in the venue accident log. No insurance claim can be made if an accident is not recorded. All teams must have their own first aid kit present at each game.
