

Umpires Award – Claire Hawkes

“From the moment this umpire showed up court side for her first game, we knew she had that special umpiring spark !!

She was a natural and had all the umpiring attributes we could possibly ask for. She has been impressive during umpiring sessions and always took on any feedback positively and immediately applied it to her game.

Achieving her C award qualification with such a fantastic score plus all the compliments from her assessors she is a true credit to our league.

I really hope she realises just how talented she is and takes her umpiring as far as possible

This year’s umpiring award and congratulations goes to Lauren Edwards.”
