Match timings

The Rota Duty Team will provide the match timings for all 4 courts.

The match timer will only be stopped at quarter time, it will not be stopped for routine injuries or minor incidents.

All matches will consist of 4 quarters - 12 minutes per quarter with 1 minute between quarters.

If there are time constraints at the venue the following will apply - 10 minutes per quarter with 1 minute between quarters.

Points

5 points for the winning team

3 points for a draw for both teams

1 point for the losing team (1 bonus point will be added, if scored up to 5 goals less of the winners score)

Late Arriving Teams

Teams must be on court and ready to play their matches at the appropriate times. If this is not the case, the offending teams will be forced to accept an infringement penalty of one goal per minute awarded to the non-offending team.

Teams awaiting the arrival of a late team must wait on court for the duration of the 1st quarter of the scheduled match.

If both teams do not have enough players ready to start the match, the infringement penalty will apply from when one of the teams has the minimum of 5 players waiting on court. As long as it is before the end of the first quarter.

If the opposing team completely fail to arrive for a league match, the match will be awarded to the team who arrived.

Unforeseen Delays

In the event of an unforeseen delay due to facility unavailability or officials arriving late, there must be the ability for a game of 40 minutes duration – divided into 4 x 10 minute quarters to be played for the match to be valid with 1 minute at each interval.

Cancelling Matches or Non-Arrivals

The team cancelling the match or failing to arrive is required to pay the court fees for the hour.

Teams cancelling league matches are reminded that they MUST supply an UMPIRE & SCORER for the game preceding/following the cancelled game and carry out their ROTA DUTY if they have been scheduled to do so.

If this happens on 2 or more occasions, the offending team will lose their £25 deposit.

The League Committee reserves the right to cancel / postpone any fixture, for example the need to cancel fixtures due to bad weather or venue availability

Substitutions

If a player arrives after the umpire has completed their checks, they must approach the umpire for a nail check before they take the court.

Rolling substitutes:

Players can be substituted during the course of the match without notifying the umpire or calling 'time'. Substitutions must take place when the ball is in the opposite half.

Injured/ill players:

They can be replaced by a substitute. The umpire must be notified by calling 'time' so they can pause the game. The match timing will not be stopped. The injured/ill player must leave the court immediately and the substitution take place.

Where a substitute is not available the injured player's team should continue with a player short, providing they can take to the court with a minimum of 5 players.

If an injured player cannot be removed from the court and by the time she is moved there is not enough time to continue with the original format of the game and within the allotted time slot, the game will be abandoned and awarded to the opposing team.

NB: The ultimate decision about whether an injured player should be moved rests with the player themselves.

Recording Injuries

All injuries (no matter how minor) should be recorded. The injured player's team should, a) inform the Rota Duty Team of the injury after the match, so they can record it on the Matters Arising sheet, b) record the incident in the venue's accident log, c) complete the EN Accident Report Form, which is available on the ADNL website www.adnl.org.uk. Insurance claims cannot be made if an accident is not recorded.

All teams must have their own first aid kit present at each game.
